Nordimpianti welcomes the new sales manager for its new Asia office

In the last 10 years the Asian markets have proved to be an important growth area for Nordimpianti. To ensure Nordimpianti's continuing commitment to high service levels, both in sales and after-sales, the company has decided to invest in the opening of a regional office based in South Korea.

The office will be managed by Mr. Min Kyu Kim who has a long track record of experience with products from Nordimpianti.

Mr. Min Kyu Kim will be sales manager for the Asian and Middle East countries, in particular in South Korea where Nordimpianti holds a leading position among the suppliers of machinery and equipment for the production of prestressed concrete hollow core slabs.

As an engineering graduate and fluent in English, Mr. Min Kyu Kim has managed the construction of numerous precast facilities in Iraq and South Korea.

In Asia Nordimpianti has over 20 production plants located in South Korea, Singapore, Malaysia and Vietnam.

Nunzio Gagliardi, president of Nordimpianti, summed up the news with the comment "We are very proud to have entrusted such an important role to such a talented person as Mr. Min Kyu Kim and with this new appointment we look forward to enhancing and growing our service and support to our existing Asian customers and also potential customers of the future". ■
